

JOIN US IN WELCOMING EXPRESS OIL CHANGE

CareerSource Pinellas was pleased to assist Express Oil Change in their effort to grow their business, and find the right talent.

Jason Nastasi, owner of Express Oil Change, grew up in the automotive industry and built this new business from the ground up, along busy Tampa Road in Oldsmar. Providing speedy oil changes as well as full-service repair, Jason has seen a great customer base building, despite his untimely grand opening in March (just prior to the COVID-19 shutdowns).

CareerSource Pinellas met with Jason for a tour of the facility and continued discussion of training programs that we offer. The business service team appreciated a tour of the facility and looks forward to our continued partnership.

TUCKER HALL

NEW YEAR NEW APPROACH

Based on the Board of Directors recommendation, CareerSource Pinellas is pleased to begin the new program year with a focus on marketing and communications. Tucker Hall has joined our team!

We are excited about the opportunity to make the community more aware of the good work we are doing and to enhance our ability to inform job seekers and business about the programs and services available.

EMPLOY FLORIDA – JOB SEARCHING AT YOUR FINGER TIPS

Employ Florida is a powerful online tool specifically designed to help connect employers and job seekers. This tool is another component of the Employ Florida network of workforce services and resources. Whether you are looking for workforce resources, new employees, training or job opportunities, Employ Florida and local CareerSource Florida affiliates statewide, is your source. But don't just take our word for it, check us out.

Start your search by registering for an account at Employ Florida. Once registered, you will be able to search for a job, post your resume, turn on a "Magnet" to notify you of jobs that fit your search criteria, and lots of other valuable job search utilities.

SHAPE YOUR COMMUNITY'S FUTURE: TAKE THE 2020 CENSUS TODAY

Have you been counted in the 2020 Census yet? This quick survey can be taken safely from home – online or by phone – and your answers will help shape your community's next 10 years.

Census data guides how hundreds of billions of federal dollars are distributed for the things we all rely on, like health care, education, highway construction and more. Getting counted also means getting fair and accurate political representation. Remember: census responses are secure, confidential and protected by law. Make sure your community gets its fair share: Take the census today at My2020Census.gov or by calling 844-330-2020. Census takers will visit homes that haven't yet responded in the summer and fall. Help #MakePinellasCount!

TALENT IS OUR PASSION
