

JOHN'S RISE TO SUCCESS

After losing his position as a facilities manager that he held for more than two decades, John Reali turned to CareerSource Pinellas for guidance. The loss of his job

served as a reminder that he always dreamed of having a college degree, so John met with a career counselor who provided him with labor market information and testing to find out what his best options would be.

Within a few months, John began working to earn his Associates Degree in Business Administration from St. Petersburg College.

Following his graduation, John began working as a trainee manager at Econo Auto Painting & Body Works of Florida.

"Thank you all for providing the programs that allow people to succeed. It truly has made a difference."

FLORIDA WORKFORCE MOMENT

UNEMPLOYMENT RATE	CONSUMER SENTIMENT	OPEN JOBS

PARTNER HIGHLIGHTS

CareerSource Pinellas has partnered with a variety of local businesses to help young people get a head start on their futures through the launch of the 2021 Summer PAYS program.

Beginning in May, up to 100 Pinellas County students between the ages of 16 and 19 will have the opportunity to participate in paid work experience, gaining hands-on experience and resume building tools, all while earning money at a summer job.
